residence, is said to have changed very materially, since he left home in the morning. His post office address is Clark County Jail until further notice. SATURDAY.....DECEMBER 30 City and State. We are indebted to Mr. Dobell for

files of late English papers. We have several Communications on hand which we will endeavor to publish as soon as possible.

PERSONAL -Among the passengers by the St. Patrick yesterday morning was Clarence Prentice. He bears a strong resemblance to his father and we hope he will one day be as good a man.

We are glad to see our pleasant friend, Tom Gaither, the very efficient and accommodating agent of the Adams Express Company, again in the city, after taking some of his holidays in Cininnati. He is in a fine state of pre-

RECORDER'S COURT .- There were but few cases before His Honor yesterday. One man drunk, was fined \$1 and costs, amounting to \$5 05 in all. A backman was fined \$5, and \$3 05

bidden bowlders on First street. A drayman, for backing his dray on the same territory, paid \$5 and \$4 05

We are again compelled to ap for want of local items in the URNAL. We have for four days been struggling between duty and inclination -the duty of going to bed and improving our health, and the inclination to set up, however sick, and labor for the been wholly unable to travel around to any extent to gather up "unconsidered events in or around the city.

THE TIPPECANOR .- We learn that this nighty engine of war will not be ready to depart hence before Monday. In the sean time the workmen and officers are working assiduously in getting her ready to sail as early as possible. We hope to be able to visit her to-day, and give our readers such an account of her as it is

DR. LORD'S LAST LECTURE.-We were bearing Dr. Lord's last lecture, but from those who were present we learn that any previous evening. We regret this, as certainly the subject itself should have attracted a crowd. We are sorry that our citizens display no more liter-ary taste and feel so little interest in the prosperity of our Mercantile Library.

RECOVERING .- We are gratified to serious, illness we noticed yesterday, is etter. He was prostrated by a conestive chill, a recurrence of which was feared, but which was happily prevented. At latest advices he was considered out of danger. We hope the aged veteran may live to see his great grand-son, John

PROMPT ACTION .- We were pleased to tion in yesterday's Journal, the city authorities had the crossings on Locust street and in other parts of the city eaned up on Thursday. Such prompt ponse to the voice of the public press

REVIVALE.—The meetings at the Walnut Street Presbyterian Church are increasing in solemnity and interest.

Many have stood up for the prayers of the
Church. The good work will continue,

we presume, during the week.

At the Third Street Methodist Church there was a large audience present. Twelve penitents were at the alter of Prayer, all of whom, we believe, professed to have received a blessing. The neetings will continue in this Church, we resume, during the coming week.

FIRE IN NEW ALBANY .- About 12 o'clock Saturday night a fire occurred in New Albany, Indiana, which partially destroyed two buildings, one occupied as store. The former was owned by C. Moor & Co., and the latter by Nuenbecker. In the second story of the fancy store was the law office of J. & C. B. Collins, whose library was seriously damaged. The loss by fire was betwen \$6,-000 and \$7,000, upon which there was

an insurance of over \$4,000. The Herald attempts to make Mr. Burton the late Representative from Sullivan county a champion of the workingmen. A scap-locked, dandified lawyer, who can't make his morning toilet in less than sixty minutes, is a sorry specimen for a leader of workingmen. Burton has not got over myrging the re-Button has not got over nursing the re-bellion yet, and that, with investigations of the milk sickness, is as much as his abilities can master at once.—Indiana S' PATENT COAL OIL LAMP AND SHADE ATTACHMENT,

How Long.-In the delinquent list CLOCK , JEWELRY. &c which we publish this week, we notice a tract of land of only nine acres, without improvements, the delinquent tax charg-ed up against which is one hundred and three dollars and twenty seven cents. ROSENCRANZ & SON, The tax for the current year, with a heavy rate of assessment, is only \$1 31, so that it will be seen it must have been a long time accumulating. It is not probable the proprietor will ever redeem it.—Sul-tioan Democrat.

We should think it would be rather robable that it would not be redeemed. That amount ought to buy the larger part of Sullivan county.

A coffee house keeper was shot at Columbus, Indians, on Christmas, by a young man named Hays.

The Ledger says that Mayor Sanderson had a pair of spectacles given him on Christmas day by one of his lady frienda. That was a broad hint that he is grow-

SHOOTING INTO A CAR -On Monday SHOOTING INTO A CAR.—On Monday night, the passenger train on the L. N.

A. & C. R. R., when just this side of Wilson's station, was fired into by some person, the ball passing between a gentleman and lady, luckily missing both. The conductor, Mr. Thos. Hanlon, on being informed of the fact, and not desiring to give the ruffians any warning siring to give the ruffians any warning through the whistle of the engine, went across the train to the engineer and stopped it without noise. The employes on the train and some of the passengers went back where they succeeded in capturing and pretty roughly handling the while in the act of aiming for a shot at his persuers. Two companions succeeded in making their escape. The prison-

A Son Kills his Father .- Some time since a young man by the name of Ruff-ner, who resides on Magazine street, stabbed his father, from the effects of which wound he died on Monday even-ing. Ruffner was arrested, and is now in jail. The young man is, we are informed, deranged, and it was while laboring under a fit of insanity he did the stabbing. The case is to be investigated, -Louisville Democrat.

Showing that the people of the Cumberland River region are disposed to stand by our liberal dealing merchants, and that the latter are determined to stand by the Evansville and Nashville Line, we notice that the Louisville merchants are again combining to draw trade from this city, using steamboat Regular Tuesday Packet-Evans-Captains as their stool pigeon, who generously offer to carry freight at rates which will scarcely pay for loading and discharging, hoping to make it up when competition is overcome. This game won't win. Intelligent merchants can see the hook so silly concealed, but our sell cheaper, and Evansville boats can Packages now on hand and opening at carry freight and passengers for less than Louisville boats can, if the latter make play the break down game.
